Creighton Valley,
Lavington and
Cherryville.

Since 1989

Whitevalley Community Resource Centre

The Whitevalley Community Resource Centre continues to be an integral agency to the community, we have worked hard over the last year to roll with the ever changing pandemic ups and downs and continue to meet the needs of the community. Our staff, volunteers and partners have shown their resiliency and dedication to the community; values we all share.

Moving forward we are excited to finally have a bit of normalcy with programs running again. We have new partnerships bringing more services to the Community and renewed and strengthen relationships throughout Lumby and area.

We look forward to see you at one of our many programs or events.

Sincerely,
Christine Lishman – Executive Director

2114 Shuswap Avenue, Lumby
